## Okmulgee County program honored

Okmulgee County Farm Bureau was one of only 15 from across the nation selected to present a display of its unique program during the Farm Bureau Showcase at the American Farm Bureau Federation convention in January.

Okmulgee County was the Oklahoma winner and a national selection for its "Farm Bureau Week Kickoff" public relations and information program.

The program featured a countywide promotion of Farm Bureau through county proclamation signings with media coverage, discussions with county officials, an open house and contribution to local fire safety efforts.

"Our mission was to get the greatest exposure about Farm Bureau, getting the maximum mileage from time given by community and organization leaders to promote the work of Farm Bureau.

"Our goal was to project to the general public details of the work of Farm Bureau on the local and state level. The objective of 'Farm Bureau Week Kickoff' was to incorporate several important meetings, activities and ceremonies into a half-day event concentrating on the strong presence, influence and service of Farm Bureau in Okmulgee County."

As a national winner in the County Activities of Excellence program, Okmulgee County Farm Bureau will be awarded \$2,000 by AFBF. The program is designed to celebrate and recognize the innovative and action-oriented programs developed by county Farm Bureaus.

It focuses on the priority areas of Farm Bureau, and recognizes those accomplishments and shares successful county programs and activities with other Farm Bureaus across the nation.

Okmulgee County President Larry Harvey accepted a certificate honoring his county as a state and national winner in the County Activities of Excellence Program from OFB President Steve Kouplen, right.
